Amendment Dated: April 6, 2005
Reply for Office Action Dated: October 6, 2005

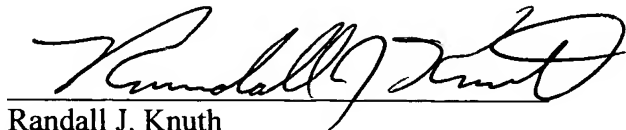

REMARKS

The present application stands rejected by the Examiner as anticipated under Section 102, by the reference to U.S. Patent to Stoll, 5, 165,700. Applicant has now amended the claims to include the aspect of removably attachable seals. Applicant respectfully submits that no new matter is added, as basis for the amendment can be found in the Specification as originally filed at Page 6, lines 1-5, among other places.

Applicant respectfully submits that Stoll does not show or include, particularly in Fig 6, the aspect of removably attachable seals, now directly claimed. Since Stoll does not include each and every element of the amended independent claims, Stoll can not anticipate such claims. Applicant respectfully requests withdrawal of the rejections, and issuance of a notice of allowance.

If the Examiner has any questions or comments that would speed prosecution of this case, the Examiner is invited to call the undersigned at 260/484-4526.

Respectfully Submitted,
